

SECURITY POLICY STATEMENT

Issued by: Gladys Pea Harjantho, HR Director

Issued To: All Smart Energy Pte Ltd employees, contractors, suppliers and visitors

Issue Date: 1st January 2021

Smart Energy Pte Ltd is 100% committed to commitment to develop, document, implement, maintain and review our supply chain security measures and practices, in order to ensure a more secure supply chain for our customers and stakeholders as well as safeguard our employees, properties, assets, information and reputation from potential threats in the supply chain.

Smart Energy has taken steps to ensure that the company:

- Implement, follow, and maintain procedures and practices that are consistent with standards adopted by the Singapore Customs.
- Cooperate with Singapore Customs in its efforts to ensure the security of the supply chain and minimise disruption and economic loss.
- Meet the recommended business and security practices for all aspects of our business operations, such as physical security of our assets and properties, cybersecurity and protection of information and personal data.
- Provide security guidelines and training for all Smart Energy employees, vendors/suppliers, and others associated with the company, in compliance with internal security standards and applicable laws and regulations, including customs regulations and personal data protection laws.
- Provide a safe and secure environment for our employees, customers, vendors/suppliers, and other visitors where “Incident prevention” must be the first priority
- Investigate any situation or significant event which may be related to a breach in supply security or any Customs Act and notify the relevant competent authorities.
- Adequate and timely dissemination of information relating to safety and security
- Implementation of the company’s safety and security SOP, policies, customer and vendor screening, and training program for employees with regards to Company safety and security
- Review, revise, and update security practices and procedures on a regular basis or changes in risk.

For more information please contact Smart Energy management with any questions.

It is everybody’s responsibility to ensure security and everyone must be vigilant and proactive with regard to issues of safety and security in all our business activities.

All Smart Energy employees, contractors, service providers, visitors, and others are expected to comply with Smart Energy’s Security policy as well as any security policies, procedures, and instructions issued by Singapore Customs and/or relevant competent authorities

Thank you.

Warm Regards,
Gladys Pea Harjantho
HR Director
